

Please stop Sinclair Brdcsting from airing the anti-Kerry attack add pretending to be a "documentary". If they are allowed to air such a piece, they should be required to abide by the rules that apply for political advertising. You should require them to do so, or not to air the piece at all. To do otherwise is to allow for the futher errosion of our electoral proccess & is a missuse of our public airwaves, something that you are charged to protect.

Respectfully - Donald Horn
